The Rules of Arguments: Part 1

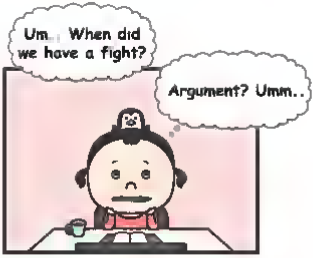
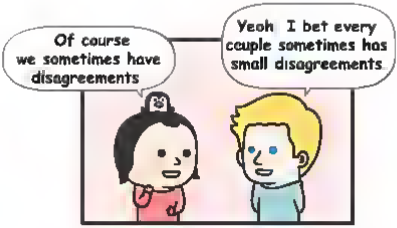
It seems I only can see your happy stones.
Don't you argue sometimes?

Whenever I read
this kind of question,...



...I try ta think af any story about when we had a fight.

But we've been thraugh a pretty calm relationship without any crisis.

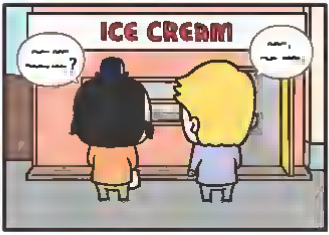


I guess that's actually quite a lucky thing for both of us

To be honest, I think it was possible thanks to Mev

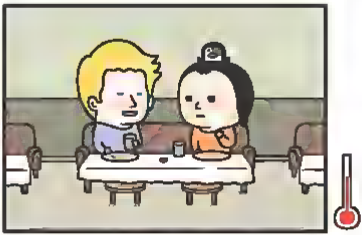
Because I've been trained by Mev for a long time.

The training is how to fight.

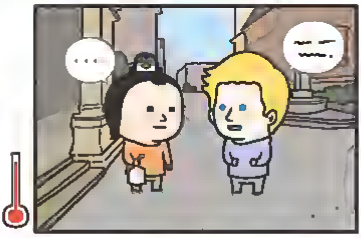


When we started to date.

I used to hold it inside
when Mev made me feel unhappy
with a small thing



But after those small unhappiness
piled up for a while.



One day something became
a trigger, ..

..and all of my anger that
had piled up exploded at once

I didn't want to tell you but...

Oh...

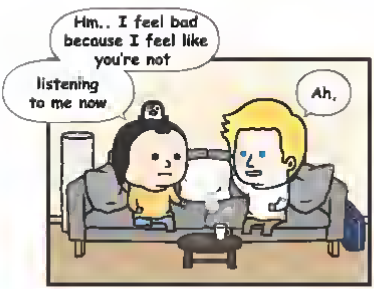
Then Mev told me one day.

I'm a stupid man, so I never know if you don't tell me.
And if you hold it in, it all comes out at once.

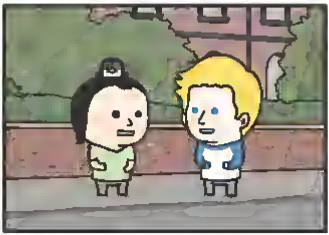
You know what I'll try to fix it if you don't like it.
Because I love you and I don't want to hurt your feelings.

So, our first rule was made:

1. Don't hold a complaint in.
Tell each other straight away.



After we keep to this rule,
I found that we don't hurt each other's feelings whenever we talk about discontent.



There is something else I used to do when I was upset by Mev.

That was saying mean things just to hurt his feeling too

To be continued...
